

JACKSON COUNTY TIER 2 CIAP PROJECTS

- MS.30.720** **VACANT**
- MS.30.721** **Rehabilitation of Gravity Sewer Collection System**
West Jackson County Utility District
To improve inefficient sewer collection and treatment resources and eliminate the escape of untreated sewer into the ditches and bayous of southern Jackson County. This project is a continuation of funding for project MS.30.718. (AU 2)
\$2,832,500
- MS.30.722** **PROJECT MAY BE RESUBMITTED IN AN AMENDMENT**
- MS.30.723** **VACANT**
- MS.30.724** **VACANT**
- MS.30.725** **VACANT**
- MS.30.726** **Acquisition of Right-of-Way Between the East and West Portions of Hellmers Lane.**
City of Ocean Springs
To acquire a right-of-way consisting of 1.0 acres of wetlands/drainway for preservation and protection and to construct a raised pedestrian boardwalk to connect the two ends of the road and minimize foot traffic in the wetland area. (AU 1)
\$200,000
- MS.30.727** **Decentralized Wastewater Systems**
Jackson County Utility Authority
To provide decentralized wastewater service to the rapidly growing areas outside of centralized wastewater systems in Jackson County for approximately 7,000 units. (AU 2)
\$8,140,000
- MS.30.728** **VACANT**
- MS.30.729** **Jackson County Restoration/Creation and Maintenance of Nearshore Tidal Marsh Island**
Jackson County Board of Supervisors
To restore and maintain eroded nearshore saltmarsh islands within the submerged West Pascagoula River Delta by creating new island habitat with naturally occurring sediments dredged from area navigation channels;

to create a long-term dredged material disposal site; and to create a nearshore storm buffer to protect the inhabited mainland areas near Gautier. (AU 1)
\$2,500,000
